

international journal of surface pdf

IJSURFSE publishes original research papers; review papers; technical papers and notes; short communications; discussion on papers; cases studies; special issues on selected topic reflecting important advances in the general field of surface science and technology.

International Journal of Surface Science and Engineering

The International Journal of Surface Engineering and Interdisciplinary Materials Science (IJSEIMS) is a refereed, interdisciplinary journal that publishes high quality articles on materials science with special emphasis in aspects related to surface engineering.

International Journal of Surface Engineering and

International Journal of Surface Science and Engineering . These articles have been peer-reviewed and accepted for publication in IJSurfSE, but are pending final changes, are not yet published and may not appear here in their final order of publication until they are assigned to issues.

International Journal of Surface Science and Engineering

Surface nanostructuring of Ti-6Al-4V alloy through ultrasonic shot peening Impact of surface roughness and contact pressure on wear behaviour of PEEK, POM, and PE-UHMW A comparative study of tribological and mechanical properties of composite polymer coatings on bearing steel

International Journal of Surface Science and Engineering

Surface nanostructuring of Ti-6Al-4V alloy through ultrasonic shot peening Impact of surface roughness and contact pressure on wear behaviour of PEEK, POM, and PE-UHMW A comparative study of tribological and mechanical properties of composite polymer coatings on bearing steel

International Journal of Surface Science and Engineering

International Journal of Surface Science and Engineering. Publisher: Inderscience. RG Journal Impact: 0.38 *
*This value is calculated using ResearchGate data and is based on average citation ...

International Journal of Surface Science and Engineering

International journal of surface chemistry surface tension, surface stress, surface energy and surface diffusion are the main focus of the journal. Each article published in this journal is peer-reviewed and is of good quality papers both of experimental and theoretical in origin are accepted in it

International Journal of Surface Chemistry.

Surface and Coatings Technology is an international archival journal publishing scientific papers on surface and interface engineering to modify and improve the surface properties of materials for protection in demanding contact conditions or aggressive environments, or for enhanced functional performance...

Surface and Coatings Technology - Journal - Elsevier

Journal International Journal of Surface Mining, Reclamation and Environment Volume 14, 2000 - Issue 4. Journal homepage. 319 Views 2 ... PDF ABSTRACT. The mining industry is poised on the threshold of some exciting opportunities. It has been realized that the unit operations such as drilling, blasting, excavation, loading, hauling and crushing are interrelated variables in the total cost ...

New trends in drilling and blasting technology

International Journal of Hydrology (IJH) is an internationally peer-reviewed open access journal related to the latest trends and advances in the field hydrology. Hydrology is a study of distribution, movement and quality of water on earth & other planets, and also the hydrologic cycle, water resources and environmental watershed sustainability..

MedCrave Group - Medcrave Online Journal of International

Not every article in a journal is considered primary research and therefore "citable", this chart shows the ratio of a journal's articles including substantial research (research articles, conference papers and reviews) in three year windows vs. those documents other than research articles, reviews and conference papers.

International Journal of Surface Science and Engineering

Typical subjects discussed in International Journal of Fatigue address: Novel fatigue testing and characterization methods (new kinds of fatigue tests, critical evaluation of existing methods, in situ measurement of fatigue degradation, non-contact field measurements)

International Journal of Fatigue - Elsevier

Typical subjects discussed in International Journal of Fatigue address: Novel fatigue testing and characterization methods (new kinds of fatigue tests, critical evaluation of existing methods, in situ measurement of fatigue degradation, non-contact field measurements)

International Journal of Fatigue | ScienceDirect.com

PDF Abstract. The aim of the research described in this paper is to analyse the evolution of the main surface parameters values and friction coefficient value due to the sheet deformation. Frictional properties of the deep-drawing quality steel sheets were investigated using the strip drawing test under both dry and lubricated conditions. An increase in the plastic deformation of sheets in the ...

Variation of surface roughness, micro-hardness and

Full Text PDF[304K] The electronic structure of Ni₂P(10-10) has been investigated by angle-resolved photoemission spectroscopy (ARPES) utilizing synchrotron radiation. The surface prepared by Ar⁺ ion sputtering (3 kV, 15 min) and annealing (400Å°C) gave a c(2Å—4) low-energy electron diffraction pattern.
