

introduction to aviation management pdf

Program description. This program is designed to give students knowledge and hands-on experience in Aviation and Management as well as provide co-operative work experience in the Aviation industry.

Aviation Management - Full-time program - Georgian College

Safety Management Systems (SMS) A Safety Management System (SMS) is a formal risk management framework to improve safety. Under an SMS, organisations have systems for hazard identification and risk management, safety targets and reporting processes, procedures for audit, investigations, remedial actions, and safety education.
