INVESTMENT AND EMPLOYMENT OPPORTUNITIES IN SMALL SCALE

Small-scale forest-based processing enterprises comprise an important, but neglected, part of the forestry and forest industries sector. They process a large part of the raw materials from the forest and supply some of the main markets for forest products, in particular in the rural areas of developing countries. Our concern in the work reported on in this publication has been to determine the ...

Latin America's experience in the development of small-scale forest enterprises (SSFES) is both rich and unique. Mexico, which has had a vigorous SSFE sector since the 1970s, has been a pioneer in this regard and several other countries followed suit in subsequent decades. It is therefore no surprise that SSFEs are numerous and increasing in number in many Latin American countries. While ...
